PROFILE SUMMARY

A highly organised, production-focused generalist with a track record of shipping functional game prototypes and media projects under severe time constraints. Active in the Austrian game dev scene with a strong capability to bridge the gap between artistic vision and technical execution. I specialise in workflow troubleshooting, intuitive system design, and rapid prototyping.

AVAILABILITY TIMELINE

Seeking a studio commitment for my **Mandatory Industry Internship (Spring 2027)**. Leading up to this, I am available for **full-time employment starting Summer 2026**, and am currently looking for a **part-time role** alongside my studies to integrate immediately into your team and scale up my responsibilities over the next year.

CORE SKILLS

GAME DEVELOPMENT & TECH

Unity (C#)

UI/UX Design

Systems & Mechanics Design

Rapid Prototyping

Git Version Control

3D ART & PIPELINE

Blender

Cinema 4D

Environment Blocking

PBR Texturing

Asset Optimisation

VIDEO & CREATIVE PRODUCTION

Adobe Creative Suite (Premiere, After Effects, Photoshop)

Cinematography

High-Speed Short-Form Editing

PROFESSIONAL COMPETENCIES

Cross-Disciplinary Agile Project Management

Scope Triage

Crisis Mitigation

Creative Problem-Solving

(Detailed visual breakdowns, playable builds, and video productions are available at danila-trofimov-portfolio.com)

PROFESSIONAL EXPERIENCE

CASINOS AUSTRIA AG | VELDEN AM WÖRTHERSEE, AUSTRIA
EVENT TECHNICIAN & MARKETING SUPPORT | 06/2024 - 08/2024

Link tinyurl.com/Dienstzeugnis

- Managed professional **A/V systems** and **lighting consoles**, executing full technical stage setups and teardowns for live events with **over 300 attendees**.
- Produced and edited **multi-camera video documentation**, including 360-degree video footage and animated infographics for social media campaigns.
- Maintained strict operational timelines and executed **real-time technical troubleshooting** under high-pressure, live-event conditions.

FREELANCE CLIENTS | INTERNATIONAL
DIGITAL VIDEO & POST-PRODUCTION SPECIALIST | 2018 - 2022

- Managed the full production cycle for commercial clients, delivering content ranging from a **regional TV broadcast** sponsored by the Ministry of Culture to independent music videos.
- Executed complex VFX integrations involving **3D camera tracking**, **green-screen compositing**, and placing live actors into **Cinema 4D environments**.
- Delivered **trend-aware social media assets** and operated under strict **NDAs** for corporate medical clients, ensuring absolute data security and discretion.

EDUCATION

UNIVERSITY OF APPLIED SCIENCES BFI VIENNA

BA INTERACTIVE MEDIA AND GAMES BUSINESS | 09/2024 - CURRENT

Link tinyurl.com/FH-Zeugnis-Feb26

- Routinely act as the **technical and organisational anchor** in multidisciplinary group assignments, driving production to completion even when **team structures unexpectedly collapse**.
- Actively bridge academic coursework with the local industry, taking the initiative to pitch **functional prototypes** to professional audiences at the **Vienna Game Dev Meetup**.
- Mastered the balance between creative vision and technical constraints, achieving **top grades** by applying an uncompromising, detail-oriented work ethic to **hands-on media development**.

UNIVERSITY OF KLAGENFURT

BSC ROBOTICS AND ARTIFICIAL INTELLIGENCE | 10/2022 - 09/2024

Link tinyurl.com/Abgangsbescheinigung | Credits 61 ECTS

- Built a strict foundation in **computational logic** and **algorithm design (Java)**, learning to deconstruct complex technical challenges systematically.
- Forged high resilience and analytical thinking by navigating **heavy, theoretical engineering frameworks** entirely in a foreign academic environment.
- **Strategically transitioned to Creative Media** in Vienna to redirect this **systematic problem-solving capability** toward my actual strengths: **hands-on media production** and **interactive storytelling**.

PRIVATE LOMONOSOV SCHOOL NIZHNY NOVGOROD

INTERNATIONAL BACCALAUREATE DIPLOMA PROGRAMME | 09/2020 - 06/2022

Link tinyurl.com/IB-Diploma | Final Grade 39 out of 45

- Cultivated rigorous research and analytical capabilities, applying **structural business frameworks** to international case studies.
- Stepped into early leadership roles as the institution's **primary resource for multimedia**, executing complex video editing and presentation assignments.
- Executed self-directed technical and creative initiatives outside the core curriculum, including **practical 3D printing tasks** and directing a **surrealist short film** exploring mental resilience.

INDUSTRY PRESENCE & RECOGNITION

- **Vienna Game Dev Meetup**: Semi-regular attendee. Presented the "Defenders of the Damned" prototype live to 100+ professionals (April 2025) and conducted on-the-ground market research for the custom "Leaf Engine" hardware project (November 2025).
- **Gamescom & Devcom, Cologne (2025)**: Attended independently to embed into the DACH development scene, exchange insights with industry veterans, and launch a comprehensive portfolio to local studios.
- **Renault Global Challenge (2020) - International Winner**: Lead 3D Designer at age 15. Translated a 98-person user survey into a complete, sustainable architectural concept in Cinema4D that won first prize.
- **Reel Youth Film Festival (2020) - Youth Juror**: Selected to critique dozens of international short films, developing a sharp curatorial eye for visual storytelling and narrative structure outside of a classroom.
